

MALTON SCHOOL

Class of 2004-2009

FOREWORD

Over a number of years now my final Upper School assembly has been a little nonsense story connected with the departing Year 11. Many students in the past have asked for a copy of the “script” for this assembly. This year’s is a little different, and I think is better said than written, so does not appear here.

Mrs Audsley produced a small official booklet, including some additional information, which you may find of interest.

Hopefully this booklet is something you might read now, but then put in a bottom drawer somewhere and come across it five, ten or twenty years from now. Perhaps a winsome smile might break as you reflect on your time with us at Malton School. Perhaps you will bring the book along to a school reunion, along with your photographs, to try and remember everyone who was here. You might even invite a doddering old ex-teacher or two along. I *think* I would enjoy meeting you again.

I did publish a book in September 2008 entitled *The History of Malton School 1547-2006*. You may like to purchase a copy, now or perhaps later in life. You may be in it! I have copies in my office.

Many of you will return to Malton Sixth Form for further study. Others will be moving to pastures new. Whatever your destination, best wishes in your exams, and in your future lives.

Stephen Fearnley
Deputy Head

MALTONIANS

All students who leave school automatically become classed as Maltonians. You have your own website, where photographs from the last 100 years appear, as well as stories and memories from former students. Your year-group photo will soon appear on there, though names will not be attached until you sign off for good (school policy is not to put names of existing students on the internet).
