## **Recognising Achievement at Malton School**

### **House Points and Congratulatory Referrals**

These are awarded for good work throughout the year.

### **Commendations**

On three occasions during the school year teachers are asked to nominate one student in each of their teaching groups who has performed well in respect of the level of attainment they reach, the effort they apply, or the improvement they have made. A commendation letter signed by the Head and Deputy is then presented personally to each student.

### **Privilege Cards**

Students are invited to apply for privilege cards. Awards are made on the quality of their application. Attendance, effort, house points, commendations, service to school, responsibility, and participation in school life are all taken into consideration.

### **Examinations Success**

Grades in all subjects taken are aggregated and students are ranked in order of their performance. The top ten students in each year group receive a letter of congratulations on their achievement.

### **Annual Awards**

To qualify for an award, students either gained three or more commendations, or they finished in the top ten in their year group (top five in Year 12 and 13). A special limited edition of enamel badges is commissioned for the awards, based on the school shield. Even more limited is a badge for students who have received three awards. These students will also receive a book prize.

## Review of 2001-02

### September

- 12 new staff join us: **Mr Cook** from South Hunsley School in Humberside as Head of Geography; **Miss Harvey** joins us from Wigan, to teach Sociology and English. **Miss Hewitt** joins us from York to teach Religious Education. **Mrs Leach** joins us from Graham School, Scarborough, to become Head of Food and Textile Technology. **Mr Quero** joins us from Newcastle-under-Lyme to teach Mathematics and IT. **Mr Richmond** joins us from Bath to become Head of PE. **Mr Sturmheit** joins us from Outwood Grange School in Wakefield to become Head of English. **Miss Taylor** joins us from York to teach Science and Chemistry. **Mrs Thorpe** joins us from Ampleforth College to teach Geography and Business Studies. **Mr Wilford** to a new position as Site Manager. **Mrs Richardson** joins us to work in Special Educational Needs. **Mrs Fletcher** joins us part-time as Assistant Secretary.
- Year 13 students, fresh from the first ever results at AS-level, continue their advanced studies by embarking on the “A2” courses – the second half of the new Advanced qualifications. Most drop one of their AS subjects and take three courses through to advanced level.
- Students line up again for the annual sponsored walk at the end of the month. In the coming month they once again break the record, with **£4504** in sponsorship.
- The number of students in school passes 600 for the first time since 1984. This represents a 25% increase in the school population in the last six years.
- Sporting fixtures resume following the lifting of the foot and mouth restrictions.
- In the world cup qualifiers, the country celebrates an impressive scoreline: England 5 - Germany 1

- Following the horrific events on 11 September in New York and Washington, the School respectfully observed a three minute silence on the Friday of the same week. Sixth Form students organised an impromptu collection for the firefighters, simply taking a bucket around the school, and £92 was sent to Malton Fire Station for forwarding to the New York Firefighters Appeal

## October

- 25 former pupils from the Grammar School days of 1952-1959 spent a Saturday morning revisiting their old classrooms and buildings. A generous donation from the group allowed the purchase of a *Guide to Films* and *A Guide to Science Fiction* for the school library, as well a photo album to store pictures of this and other reunion groups.
- The Waterfall Theatre Company, from Manchester, spend a morning with Year 7 and 8, provoking thought and awareness of how to tackle bullying.
- The October newsletter contain some colour for the first time – four pages of photographs of school life compiled over the year were well received by readers.
- Students from Year 9 spend a week in France with the Modern Languages department:  
*Cette année la classe de quatrième (Year 9 en anglais) est allé en Bretagne. Nous avons visité le Mont-St. Michel, St Malo, Dinard, Dinan, et nous avons fait du shopping dans la capitale Rennes. C'était vraiment super et il a fait chaud la semaine entière.*
- Students from Year 12 spend three days at East Barnby (near Whitby) on a Geography field study course.
- Students from Year 10 spend three days at East Barnby, either as part of their Geography course, or engaged in outdoor pursuits.
- Way to Work students from Year 10 spent three days on extended work experience as part of their course.

## November

- Our third Celebration evening welcomes more guests and students than ever before. Head Boy and Girl **Mark Wylie** and **Phillippa Chapman** present the show, aided by deputies **Sofie Buckland** and **Nick Dean**, and regular newsreaders **Jessica Leonard** and **Adam Turner**. Students for whom this is their third year of receiving an award receive special book prizes. Musical interludes are provided by 60's night performers **Malton School Jazz Band** and local band **Raith** (all of whom attended Malton School), together with summer talent show winner **Rachel McCulloch**. The highlight of the show comes when a group of Sixth Formers re-enact their fashion show routine from the "Sixties Night" held in Easter this year, to the sounds of the James Bond theme and Hendrix's "Foxy Lady".
- Year 10 students spend a day with BBC radio producer **David Sheasby** creating a radio drama.
- Year 7 spend a day at the Royal Armouries in Leeds as part of their history studies. They try on armour, watch sword fights and battles, and generally have a very good time.
- *Harry Potter and the Philosopher's Stone* appears in the cinemas.

## December

- A packed East Wing Hall and library welcome parents of what is to become our largest Year 7 entry for many years. They are given an entertaining presentation by current Year 7 students on what life at Malton School is like.
- The 28<sup>th</sup> Senior Citizens Party is held at the end of term, and is as successful as the very first parties when this most enjoyable of annual events was first introduced in the early seventies.
- Year 8 students have been visiting the local police station – not because of their crimes, but as part of their Personal and Social Education course!
- We say farewell to Head of Upper School, **Martyn Sibley**, who leaves to become Deputy Head at Tadcaster Grammar School.

- In a break with tradition the Christmas Concert this year moves from St Michael's church, and takes place in the school hall. Reverend Jones does attend and speak, however, and many elements of the traditional concert are retained, though the programme is widened to include new items. The evening is presented by Sixth formers **Laura Grassi** and **Matthew Bulmer**, and includes music from choirs, orchestra and jazz band, comedy routines, and poetry and prose readings. The evening is a complete sell-out, raising funds for musical instruments and sound equipment.
- The second award of the annual House Trophy is made. A close run competition results in Earth taking the trophy from last year's winner, Air, by just 15 points.

#### **House Trophy 2000-2001**

	Air (Gold)	Earth (Green)	Fire (Red)	Water (Blue)
Spring 2000	720	660	570	620
Summer 2000	759	879	736	555
Autumn 2000	1923	1878	1898	1735
<b>TOTALS</b>	<b>3402</b>	<b>3417</b>	<b>3204</b>	<b>2910</b>
<b>Positions</b>	2nd	<b>1st</b>	3rd	4th
<i>Differences</i>	15		198	294

- Six Year 11 students spend a week at Queen Elizabeth Barracks, Strensall, on an army induction course.
- The film of the year, *Lord of the Rings: The Fellowship of the Ring* keeps audiences engrossed for three hours at the cinemas.

### **January**

- We welcome **Mr Jonathan Steel** as Head of Upper School, who joins us from Brayton High School, Selby.
- Year 9 students visit Leeds to see a play about the First World War - *Doomed Youth* - as part of their History studies.
- A video conferencing link, video editing software and digital video camera are installed.

- 15 inspectors from OFSTED (the Office For Standards in Education) call on us towards the end of January. They spend a full week with us, visit lessons, talk to staff and to students, read our policies, our newsletters, our prospectus and our annual report, number crunch the plethora of statistics which abound in modern day education. They attend assemblies, walk the corridors, watch videos of the 60's Night and the Christmas concert, read student reports, hold a meeting with parents, and another with Governors, summarised parental and Sixth Form student questionnaire returns, ... in short, they look into every aspect of school life. They leave impressed.
- John Dunstan, Howard Fox, Stephen Fearnley and Eddie Lucas meet to begin a project to write the History of Malton School, including its predecessors Malton Grammar School, Malton County Modern, and Malton National School. Their intention is to publish a book in 2003, with the text illustrated by the ever growing collection of photographs from the School's past.
- 3.45 a.m., Sunday 27 January. 25 Year 11 students depart with two teachers for Eurodisney on a Business Studies trip
- The New Year saw a new currency arrive across Europe. The Euro becomes legal tender in 40 countries stretching over three continents, affecting the commercial lives of 300 million people.

## **February**

- Maths students do well in the UK national Maths competition Gold Award and Best in School goes to **Nick Fothergill** (Year 11), with Silver awards to **Jessica Leonard, Ian Clarke, Philip Richardson and Jonathan Monkman** from Year 11, **Lorna Vasey, Richard Wilson and Sarah Wood** in Year 10, and well done to **Frederick Spaven** , who gets a silver award though still only in Year 9.
- Princess Margaret dies on 9 February 2002 at the age of 71, as the result of a stroke.

## March

- The PTA and Malton and Norton Rotary Club combine to stage a successful Charity Race Night and boost school funds.
- Violin player **Joe Townsend** and his band visit school for a day on 14 March, starting the day with a concert for all Year 7, 8 and 9 students, and follows this up with workshops for musicians in the school, particularly those studying the subject to GCSE and A level
- Tickets sell out rapidly for two evenings on which our Easter show - *70's Night* - is held. The show is presented by **Sam Clarke** and **Jessica Alcena** on Tuesday, and **Matthew Bulmer** and **Phillippa Chapman** on Wednesday. The show offers comedy, dance, fashion, and music. **Sofie Buckland** and **Rachel McCulloch** sing *Pearl's a Singer* and *Sunday Girl*, and comedy quartet **Chris Eaton, Nick Salisbury, Pierce McMahon** and **Matthew Bulmer** inject humour with Monty Python sketches. **Sam Gilderdale** and **Christian Brown** remind us of the delightful tones of the Sex Pistols, and of course ageing punk rocker, **Stewart Thorp** arranged music and rehearsed musicians, and just about manages to keep the safety pin through his nose for both nights.
- At the end of the Wednesday performance the entire hall joins in singing happy birthday to **Mrs Julie Dowson-Boyes**, and then wish her farewell as she leaves school to go start a new life in Portugal.
- We also say farewell to **Mrs Sue Bonnelo**, who leaves to take on a new job with the "Connexions" service.
- At the end of the month, the Queen Mother, Elizabeth Angela Marguerite Bowes-Lyon dies at the age of 101.

## April

- Following a successful year for the re-introduction of Head Boy and Head Girl, the new elections see **Sophie Gilderdale** and **John Hodgson** successful in the voting, with **Nicola Freer** and **Daniel Bulmer** elected as deputies.

- **Phillippa, Mark, Sofie** and **Nick**, the four retiring officials, end their term of office with a report to staff at a staff meeting and to Governors at their meeting.
- Our OFSTED report arrives. We are delighted with the report, particularly with a key statement from the lead inspector, recognising that we work successfully with *all* our pupils – all are valued and all contribute to our high reputation as a caring school offering high quality education to all our students. There are so many positive statements in the report it is difficult to select a few headlines, but the report is headed by a two-line summary: *This is a good school, with a very effective sixth form, which successfully promotes and supports achievement for all its pupils. The quality of teaching and learning is consistently good, and this enables pupils to reach high standards, particularly in the sixth form.*
- Thirty-four Year 12 and Year 13 students spend four days in Brussels as part of their Business Studies A-level course. They meet MEP Robert Goodwill at the European Parliament, who is very welcoming and helpful in his discussion on the Euro. They also visit a number of businesses – Interbrew, Jacques Chocolatier, tour the Port of Antwerp and visit Menin Gate in Ypres.
- The under-13 football reach the District final and beat St Augustine's 2 -1 in a tense match. The team pushes ahead, but then has to hold on and defend. Goal scorers were **Sam Gilderdale** and **Ben Webster**, and the Man of the Match title was shared between **James Staff** and **Ben Webster**.
- On the following evening at Pickering Town's ground, the Under-16 team convincingly triumph over local rivals Norton College 4 – 0. Goal scorers are **Richard Horsman** with two, **Dean Sleightholme** one, and captain **Andrew Frank** scores from a penalty. Man of the Match is **James Dawson**.
- The school websites are re-launched with a new look and a new address: [www.maltonschool.org](http://www.maltonschool.org) The changes prove very welcome and we continue to receive visitors from all over the world.

## May

- A party of six Finnish student teachers and their tutor, from Jyväskylä university in Central Finland, spent a morning in school. They visit a lesson, tour the school with Year 10 students and meet David Roberts before having lunch and moving on to the Primary School for the afternoon.
- The second presentation of the **Emma Howard Memorial Prize** takes place at our annual Art Exhibition, in memory of a young artist who studied at Advanced level with us from 1997 - 1999. She died tragically not long after leaving school.  
A-level artist **Laura Wade** is the second recipient of this prize. The evening displays some stunning work by Art students from Years 11 – 13, and it is good to see so many former art students returning to view the new talent.
- Special days are held for Year 11 and Year 13, who are invited to a farewell lunch following a special photo session to fill the re-union albums of the future.
- **Phillippa Chapman, Mark Wylie** and **Sofie Buckland** organise a disco in the school hall for Year 11 as a final leaving “do”. The evening is a great success.
- **John Towse** organises an excellent farewell dinner at The Forest and Vale, Pickering, for Year 13. Staff are also invited. To their great credit the students dressed in their finest evening wear for the occasion.
- The school raises £507 from a non-uniform day as part of its long-term commitment to educating a Kenyan student, Kennedy Okelo
- A new cricket practice area is erected at the lower end of East Wing.

## June

- Students in Years 7 and 8 took part in the UK national Maths competition with excellent results. Best in School goes to **Russell Goddard** (Y8) – for the second year running. He received a gold award, along with **Rachel Burnett** (Y7) and **Jamie Mills**. **Oliver Peck, Robin Goforth, Bobby Goodwill, Jack Davies, Lucy Johnson** and **Sam Wicks** receive Silver.

- Year 13 students are the first to take the new A2 examinations. It is with sadness that we heard of the death of **John Delaval** last week. John was formerly Deputy Head of Norton Senior Boys School, then became Head of Science at Malton County Modern School in 1961, and retired from Malton School in 1975.
- The school was successful in achieving its second Sportsmark Award – a renewal of our previous award first gained three years ago.
- Half term is a week late this year, so we can celebrate the Queen's Golden Jubilee. A million people attend a pop concert in Buckingham Palace grounds, watching Bryan May playing God Save the Queen from the palace roof on electric guitar. An estimated 200 million watch the broadcast around the world.
- The following day a million people gather in the Mall to celebrate and party.
- Students watch the England – Nigeria match projected on a big screen in the school hall on 12 June, over 60 of them turning up early for the 7.30 a.m. kick-off. Refreshments are provided by the school canteen staff, and normality was re-established by 9.30, only a 15 minute delay to usual times. Sadly the 0 – 0 game lacks the excitement of the 3 – 0 win against Denmark to come the following Saturday.
- A week later the big screen is mounted again and the school day starts with England v Brazil. Unfortunately the scoreline dulls the cheers, with Brazil going through to the next round with a 2 – 1 win.
- The World Cup comes to a close with the team that put England out taking the trophy. Brazil 2 - Germany 0.

## July

- The annual tennis tournament sees the following winners:
 

Girls:	<b>Natalie Miller</b> (Year 12 )
Boys:	<b>James Stone</b> (8 Earth)
Mixed Doubles:	<b>Natalie Miller and Chris Smith</b>

- Good weather makes for good competition at the annual sports day. Final points scores were:

<b>1<sup>st</sup></b>	<b>Fire</b>	<b>845</b>	<i>points</i>
<b>2<sup>nd</sup></b>	<b>Air</b>	<b>784</b>	<i>points</i>
<b>3<sup>rd</sup></b>	<b>Earth</b>	<b>774</b>	<i>points</i>
<b>4<sup>th</sup></b>	<b>Water</b>	<b>648</b>	<i>points</i>

- Seven athletics records are broken:  
**Chantelle Burdett** (Y7 High Jump)  
**Sam Gilderdale** (Y8 100m)  
**Daniel Lovegrove** (Y10 100m, Long Jump & Triple Jump)  
**Jamie Miller** (Y10 400m)  
**Ben Webster** (Y8 Triple Jump)
- We say farewell to **Felix Quero**, who taught Mathematics and IT during the year. Also to **Miss Karlie Peters** who worked as a classroom support assistant, as well as in the PE/Games department.
- **Mary** and **Wilson Train** retire from the cleaning staff. Mary has given service to Malton School for 38 years in catering, caretaking and cleaning since it opened in 1971, and previously at Malton County Modern since 1964.
- Our bursar **Mrs Jean Howell** retires after 23 years at Malton School. Over the years she has been responsible for keeping us solvent, but also for the many developments of the school premises in recent times - the library, art rooms, music centre - just three of a long list, all organised by her.
- Students enjoy the end of term activities day doing archery, fishing, glass painting, golf, IT, orienteering, rock climbing, trampolining, skiing, or day-tripping to Flamingoland, Lightwater Valley and Wet 'n' Wild.
- Eight students from Year 9 once again take part in the Ryedale Summer School . They spend two weeks – one in school time, one in their holidays – visiting local employers and taking part in work-related activities.
- The school decides to apply for Science College status. The Central Science Laboratories give their support, and spend a day taking photographs for an information brochure.

- The last day of term sees the increasingly popular Talent Show move from the music centre to the larger venue of East Wing Gym. A packed hall is treated to music, dance and comedy routines from the brave performers. Joint winners are **Chris Eaton** and **Nick Salisbury** with their Monty Python routine, and **Rachel McCulloch, Sam Gilderdale, Richard Brook** and **James Drawbridge** with their band's performance of *Big Me* (Foo Fighters).

## **August**

- The main school offices are redecorated for the first time in many years.
- Our best ever A level results arrive. One week later some exceptional performances are achieved at GCSE level.
- The very successful Commonwealth Games in Manchester come to an end.

Dear Mr Roberts

**SCIENCE COLLEGE SPONSOR'S DECLARATION**

I wish to sponsor Malton School's Science College application in the March 2003 competition.

I will pledge £..... in cash.

\*The sponsorship will be available to the school by ..... [date].

\*I enclose cash / cheque payable to "Malton School Fund – Science.

(\*please delete as appropriate)

I am familiar with and understand the sponsorship criteria for the Specialist Schools Programme. This sponsorship pledge is completely unconditional.

Yours sincerely

**Sponsorship:**

- a) must be given **without any conditions** which could result in a financial benefit for the sponsor or any other party, e.g. the future purchase of goods, equipment or services. There must be no direct or indirect commercial agreement e.g. for parents to purchase from the sponsor.
- b) must come from the private sector – private companies, individuals, charitable foundations, private trust funds and other private sector organisations. The sponsor must not have a commercial relationship with the school which could benefit from specialist school designation.
- c) must be given to support the **capital project** as outlined in the school's bid. It must therefore be in cash or relevant goods and must not be something already installed in the school. Non-capital items e.g. time and consultancy, although valuable in their own right, will not count as sponsorship. Cash tied to non-capital purchases e.g. salaries and bursaries, while also valuable in their own right, will also be disallowed as sponsorship, as will sponsorship tied to developments in areas outside the specialist subjects.
- d) must be firmly pledged without qualification; underwriting uncertain sponsorship or a sponsorship shortfall is not acceptable.

GIFT AID DONATION

My name:.....

My address:.....

.....

.....

Post code: .....

Telephone number: (optional).....

I enclose a cheque to the value of £..... payable to Malton School Fund – Science (Registered Charity No. 1052821) in order to support the school’s bid to the DFES for specialist status in science in March 2003 or subsequently. At the school’s discretion this donation may be used to support the teaching of science and related subjects within the school.

I would like to make my donation worth up to 28% more to the School Fund – Science.

I am a UK taxpayer and want Malton School Fund – Science to treat all my donations from 6<sup>th</sup> April 2000 as Gift Aid donations until further notice.

I already pay an amount in income tax and / or capital gains tax at least equal to the tax that the school will claim on my donations.

Signed:..... Date:.....

**Recording of donations:**

Please indicate how you would like your name to be recorded in a list of donors:

.....

*Gift Aid allows the School Fund – Science to reclaim the tax you have already paid on your gift. It does not cost you any more money, but the School receives up to £1.28 for every £1 you donate.*
