## Recognising Achievement at Malton School

### House Points and Congratulatory Referrals

These are awarded for good work throughout the year.

### Commendations

On three occasions during the school year teachers are asked to nominate one student in each of their teaching groups who has performed well in respect of the level of attainment they reach, the effort they apply, or the improvement they have made. A commendation letter signed by the Head and Deputy is then presented personally to each student.

### Privilege Cards

Students are invited to apply for privilege cards. Awards are made on the quality of their application. Attendance, effort, house points, commendations, service to school, responsibility, and participation in school life are all taken into consideration.

### Examinations Success

Grades in all subjects taken are aggregated and students are ranked in order of their performance. The top ten students in each year group receive a letter of congratulations on their achievement (the top five in the Sixth Form).

### Annual Awards

To qualify for an award, students either gained three or more commendations, or they finished in the top ten in their year group (top five in Year 12 and 13). A special limited edition of enamel badges is commissioned for the awards, based on the school shield. Even more limited is a badge for students who have received awards in three years. These students also receive a book prize.

- At the beginning of Enterprise Week each member of Year 9 is given £1 and the challenge of using their enterprise skills to make a profit using their own initiative. Cake and biscuit selling, sweets stalls, nail painting, car washing and dog walking are just some of the activities undertaken. The results were amazing and far exceeded the expectations of the Maths department. £760 was raised by students and donated to Children in Need.
- The whole of Year 11 are involved in a National Challenge to develop and promote a product that would be 'fun and earn a ton'! The members of the winning team are 'The Squeeze Team' for their presentation on the innovative idea of putting butter in a tube.
- Un group de 36 élèves et 4 professeurs sont allés en Bretagne en France. On est allé à Paris le 16 octobre et on a voyagé en bateau et en car. Pendant le séjour on a visité Dinard, Bayeux (où on a vu la tapisserie), Arromanches, Le Mont St Michel et St Malo.

- The Sixth Form finish off the evening with a mini-pantomime, *The Wizard of Oz*.
- The Lower School enjoy a Christmas disco, and look forward to a repeat next year.

- In a debate regarding the proposed development of a Sports Centre for Ryedale based at Malton School, after nearly 3 hours Ryedale District Council decided to support this development “moving forward” by 23 votes to 1 with 2 abstentions. - The annual ski trip departs for Italy.

- Students and staff celebrate the end of term with two evening performances of music, song, art, dance and comedy. Easter shows at Malton School all have a connection with colour - either through their title, their lyrics or the performers that made the music famous.
